Read the instructions, keep them safe, pass them on if you pass the appliance on.
Remove all packaging before use.

IMPORTANT SAFEGUARDS

Follow basic safety precautions, including:

This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been supervised/instructed and understand the hazards involved. Children shall not play with the appliance.

Cleaning and user maintenance shall not be done by children unless they are older than 8 and supervised.

Keep the appliance and cable out of reach of children under 8 years.

 Parts of the appliance will get hot during use.

WARNING: Do not open the lid while the water is boiling.

If you overfill, the kettle may spit boiling water.

Use the kettle only with the stand supplied (and vice versa).

If the cable is damaged, it must be replaced by the manufacturer, its service agent, or someone similarly qualified, to avoid hazard.

Avoid spillage on the stand/connector.

The surface of the heating element is subject to residual heat after use.

Use the appliance according to these instructions. Any misuse may cause potential injury, electric shock or other hazards.

This appliance is intended to be used in household and similar applications such as:

- staff kitchen areas in shops, offices and other working environments;
- by clients in hotels, motels and other residential type environments;
- bed and breakfast type environments;
- farm houses.
-  Do not use this appliance near bathtubs, showers, basins or other vessels containing water.
- Keep the kettle, stand, and cable away from the edges of worktops.
- Don't use the kettle for any purpose other than heating water.
- Don't operate the appliance if it's damaged or malfunctions.

PARTS

- | | |
|-------------|---------------|
| 1. Filter | 4. Handle |
| 2. Lid | 5. Suppressor |
| 3. Lid lock | 6. Stand |

FILLING

1. Lift the lid lock to open the lid.
2. Fill with at least 2 cups of water, but not above max.
3. Close the lid, and press down to lock it.

PREPARATION

1. Put the stand on a stable, level surface.
2. Plug the stand into the wall socket.
3. Put the kettle on the stand.
4. Press and release the  button.
5. The display will show the temperature of the water in the kettle.
6. The  button will flash.

BOILING WATER (100°C)

1. Press the  button.
2. 100 will flash on the display.
3. Press the  button.
4. The  button will stop flashing and light up.
5. The display will show the temperature of the water in the kettle.
6. When it reaches the set temperature, the light in the button will go off.
7. To switch off manually, press .

HEATING WATER TO A SELECTED TEMPERATURE

The temperatures available are: 100 (boil), 95, 90, 85, 80, 75, 70, 65, and 60 (°C). Use the °F °C button to swap between Fahrenheit and Centigrade on the display.

1. Use the  and  buttons to set the temperature.
2. Press the  button.
3. The display will show the temperature of the water in the kettle.
4. When it reaches the set temperature, the light in the button will go out.
5. To switch off manually, press .

If you set the wrong temperature, and you want to use the kettle again without pouring, and before it goes to sleep: Press the  button twice.

TEMPERATURE GUIDE

Tea Type	Temperature °C	Brewing time (min)
Black tea/English Breakfast	100	2 – 4
Earl Grey tea	90 – 95	3 - 4
Green tea	75 – 80	1 - 3
Oolong	80 – 90	3 – 6
Fruit teas	95	3 – 5
Herbal teas	95	3 – 5
Camomile tea	70	5
Roobis/Red tea	100	3 - 5
White tea	85	4 - 6
Chai black tea base	90 – 95	3 – 5
Chai green tea base	75 – 80	3 - 4
Coffee	Temperature °C	Brewing time (min)
Instant coffee	85 - 95	-
Filter ground coffee	80 - 90	-

For baby milk/formula, follow the manufacturer's instructions, or local health authority guidance.

SLEEP MODE

1. The display will show the temperature of the water in the kettle.
2. After 5 minutes of inactivity, the appliance will go to sleep.
3. To wake the appliance, press the  button.

GENERAL

When you lift the kettle, you may see moisture on the stand. Don't worry – it's the steam used to switch off automatically, which then condenses and escapes via vents under the kettle.

You may see some discolouration on the floor of the kettle. Again, don't worry – it's due to the bonding of the element to the kettle floor.

USING WITH INSUFFICIENT WATER

1. This will shorten the life of the element. A boil-dry cut-out will switch the kettle off.
2. You must then remove the kettle from its stand to reset the cut-out.
3. Sit the kettle on the work surface till it's cold.

CARE AND MAINTENANCE

1. Unplug the stand, and let the kettle cool before cleaning.
2. Wipe all surfaces with a clean damp cloth.
3. Open the lid.
4. Push the hook on top of the filter down, then lift the filter out of the kettle.
5. Rinse the filter under a running tap while brushing with a soft brush.
6. Lower the filter into the kettle, and engage the bottom hook in the bottom of the spout.
7. Press the top of the filter towards the kettle, to lock the hook in place.

Descale regularly, (at least monthly).

Descale the appliance at least monthly with a proprietary descaler. Follow the instructions on the package of descaler.

Products returned under guarantee with faults due to scale will be subject to a repair charge.

RECYCLING

To avoid environmental and health problems due to hazardous substances, appliances and rechargeable and non-rechargeable batteries marked with one of these symbols must not be disposed of with unsorted municipal waste. Always dispose of electrical and electronic products and, where applicable, rechargeable and non-rechargeable batteries, at an appropriate official recycling/collection point.

SERVICE

If you ring Customer Service, please have the Model Number to hand, as we won't be able to help you without it. It's on the rating plate (usually underneath the product). The product isn't user-serviceable. If it's not working, read the instructions, check the plug fuse and main fuse/circuit breaker. If it's still not working, consult your retailer. If that doesn't solve the problem – ring Customer Service – they may be able to offer technical advice.

If they advise you to return the product to us, pack it carefully, include a note with your name, address, day phone number, and what's wrong. If under guarantee, say where and when purchased, and include proof of purchase (till receipt). Send it to:

Customer Service

Spectrum Brands (UK) Ltd

Fir Street, Failsworth, Manchester M35 0HS

email: support@russellhobbs.com

telephone: 0345 658 9700 (local rate number)

Please note: If you have purchased the product within the last 6 months, please contact the retailer in the first instance to deal with any matters relating to warranty.

GUARANTEE

Defects affecting product functionality appearing within the guarantee period will be corrected by replacement or repair at our option provided the product is used and maintained in accordance with the instructions. Your statutory rights are not affected.

This warranty shall not be valid where it is contrary to U.S. and other applicable laws, or where the warranty would be prohibited under any economic sanctions, export control laws, embargos, or other restrictive trade measures enforced by the United States or other applicable jurisdictions. This includes, without limitation, any warranty claims implicating parties from, or otherwise located in, Cuba, Iran, North Korea, Syria and the Crimea region.

Guarantee period = 2 years from first retail purchase.

To claim an extra 1 year guarantee, register your product online within 28 days of purchase. Register at: **uk.russellhobbs.com/product-registration**

Consumables are guaranteed only for their recommended lifecycle. Replacement/ Spare parts* are excluded and are only covered by a 1 year warranty.

* Examples include filters, removable grill plates, drip trays/crumb trays etc.
